

RSWM EDGE™ Flex- Yarns that impart stretch to the garment. Evolved after continuous innovation, the product has been adapted to cater to new generation performance fabrics and urbane fashion.

“Elastic fibers incorporate permanent stretch with body movement while retaining shape and resisting bagging all through the garment’s life. ”

Size of hang tag:
1.45" X 3.74"

Rules of acquiring tags:

5 HT/kg for garments that contain at least 50% RSWM EDGE™ Flex yarn.
